

A New Lions Club is forming.....

Did you know there use to be a deaf Lions Club
years ago in District 11-A1 (Wayne and Monroe Counties)?

The club existed for about 11 years!

District 11-A1 is making the effort to start another Lions Club that welcomes, families of deaf
or hard of hearing people and includes deaf and hard of hearing people as well as hearing
people.

Lions serve their local communities as well as the Lions International and District Projects.

We will

- Give an overview of the Lions Organization
- You will meet Lions from other clubs (come with your questions)

I have been a Lions for about 12 years. I am the parent of a deaf teen and have been active with many organizations supporting parents and families of deaf and hard of hearing children for about 15 years. It has been my goal to educate parents and community about our children who are now becoming adults. A main goal is to teach deaf children independence and self advocacy.

We hope you will join us for this initial meeting and bring a friend or family member. You do not have to have a deaf or hard of hearing family member or friend just a desire to know what it takes to be a Lions and hopefully become one.
